Campaign Spending: [List of Filers](#)

I am the only candidate with a local boy perspective who attended school in Kohala. I want more parks and coastline preservation, and more support for schools - painting the buildings and buying new books to prove to the kids we care - and for the ongoing Hawaiian Renaissance. Hokule'a, the Merry Monarch Festival and many other efforts have turned attitudes about Maoli culture around, giving us invaluable connections to our past. I'd like government to turn to its people for guidance, especially those who know our history and perpetuate our culture.

Waimea needs bypasses before 2011. I can't stand watching parents' precious time with their children whittle away.

Kohala needs affordable housing. Its people want the area left country. By supporting actions like Kohala Community Land Trust, we can do this.

Waikoloa cannot remain a cul-de-sac any longer. Tsunamis, fires and other emergencies can happen anytime. We need two to three more exit roads for true safety. It was a miracle no one perished in last August's inferno.

Our firemen and women, police officers and teachers need more pay to ensure they can continue to perform their vital roles. Kohala needs more environmental restoration, like the Queen Emma Foundation project along Kohala Mountain Road, in order to endure for eternity. I believe in the preservation of personal freedoms and a strict interpretation of the Constitution of the United States of America. Kohala is the best place on planet Earth. Working together, we can ensure it stays that way. Aloha, Chris.
